

Our passion is your success

DOA is an independent, family-run Insurance Intermediary specialising in underwriting insurance products across niche market sectors throughout the UK since 1996. Our unwavering commitment lies in delivering value to our partners through a synergy of expertise, passion, and technology.

At DOA, we're not just about policies – we're about relationships. Our approach is grounded in providing a localised and personalised service, guided by dedicated underwriters who are readily accessible for direct communication.

Property & Liability

Our Property & Liability department is unique, offering coverage for a wide range of businesses on behalf of various 'A' rated Insurers. Our partner brokers benefit from a team of highly knowledgeable Underwriters, who are empowered to make insightful decisions with a proactive 'can do' approach.

We ensure continuity in a dynamic market, providing consistent service and underwriting philosophy. Our focus on long-term and sustainable profitability has forged lasting relationships with likeminded insurance companies.

Professional Risks

Our Professional Risks team meticulously screen, understand, and expand risk submissions for precise broking and clear underwriter comprehension. Direct relationships with key underwriters streamline the process. Our extensive knowledge empowers effective broking for risks ranging from basic to complex, high limits, and global clients.

With a 4.58-star rating from Insurance Times, we offer the highest quality service and enjoy preferred broker status with key PI markets. Our streamlined wholesale broking processes and in-house binder capabilities ensure prompt turnaround on terms, often the same day, setting us apart from other brokers, MGAs, or insurers.

Personal Lines

Our Personal Lines department gives our brokers exclusive access to our dedicated online travel insurance portal, SunWorld. SunWorld allows all trading partners to generate quotes for Single Trip, Annual Multi-trip and Backpacker coverages.

We also offer a tailored solution for creating your personalised online B2C travel insurance quote and buy system. With features such as customisable company logos and brand colours, the ability to generate branded documents and emails, and being fully mobile-friendly, our platform ensures a seamless and secure experience.

Online Facilities

Our bespoke 'Quote & Buy' platforms offer a seamless solution for brokers to generate quotations and accept cover for their clients within minutes. Utilising our 'Online Submissions' simplifies the process of providing all the necessary information for us to review your enquiry. Upon submission, the team will be notified to review within seconds.
