

Commercial Combined Product Appetite

Our product is targeted at all types of risks including those operating across multiple locations with the following features:

- Sole Traders, Partnerships or Private Companies in the Micro and SME areas.
- Turnover up to £25,000,000 (larger risks can be discussed with our underwriting team).
- Both Premises and Work Away Workforces including Clerical and Manual.

Whilst this should not be considered our entire appetite in respect of trades, the following industries would be considered our core approach to Commercial Combined risks:

Clerical Business

- Domestic Services
- Financial Based Services
- Logistics Management
- Office Based Operations
- Technology Companies

Construction

- Construction & Site Management (no design)
- Material Supply Merchants
- Premises Based Construction Businesses

Manufacturing

- Assembly Risks where Manufacturing is ancillary
- Engineering Risks (including manufacture)
- Metalwork and associated activities

Retail & Service

- Retail of all products (unless high hazard items)
- Sales, Service & Installation (hazardous locations underwritten accordingly)

Warehousing

All types of storage with the following considered on request and in small quantities:

- Cardboard
- Flammable Items
- Hazardous Items
- Shrink Wrapped Items
